PDREP-AIS Production Publish – 26 Jan 2019
The following software changes are released in PDREP-AIS Version: 6.0.13

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800268	Ad Hoc	Automated Ad Hoc SQL	Updates query method in automated SQL generator. Does not affect external users.
1800667	Ad Hoc	Deactivated Users	Adds inactive and former users to the user access ad hoc.
1801274	Ad Hoc	Deficiency Responsibility	Adds Deficiency Responsibility Literals.
1701558	Bulletin	Bulletin Search	Permits a date range search. Max of 10K rows returned.
1800775	Bulletin	Ad Hoc	Adds Ad Hoc Tab to Bulletin Fly outs
1701354	CAD	Delete Function in CAD Module	Modifies procedure for deleting a CAD record or line item.
1801349	CAD	AD HOC	Adds Contract Admin Office SYSCOM + Literal
1801374 1801343	CAD	AD HOC	Updates sharing method for CAD Ad Hoc reports
1800776	CAGE Search	Ad Hoc	Adds Ad Hoc Tab to CAGE Search Fly out
1700391	CAR	eTools CAR Import	Evaluate and correct GFPWS PRODUCTION LOG errors. Does not affect external users.
1701605	Contractor Profile	PDF	Allows users to save a PDF version of Contractor Profile in lieu of only being able to print a copy.
1801402	Contractor Profile	Performance Enhancement	Removes obsolete code in profile that references old profile reports. Updates PPIRS-SR link to SPRS.;
1800777	DoDAAC Search	Ad Hoc	Adds Ad Hoc Tab to DODAAC Search Fly out
1801679	eCraft	Vender Upload App	Develop an app that capture PKI credentials and allows the passing of an xmls file that is to reside on the file server
1501183	ER	ER NNPI Side & ER Cloning Functionality	Creates NNPI database for nuclear engineering referrals. Develops links between PQDR, RIMS, SAM, MIR, SDR and cloning capabilities for existing ER records. Completes development of the ERS Application.
1800617	ER	PDF report	Creates a PDF of the ER.
1801305	ER	ERS Remarks sheet	Create a remarks sheet similar to RIMS for the Due Date Justification
1801400	ER	ER Worklist Sharing	Updates ER bit access is required to share ERS Worklists rather than Ad Hoc bit access.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1801582	ER	ERS Access Levels	Add View, Management, and Non-Management access levels to ER
1801522	External Link	Haystack	Fixes haystack link, makes SAML compliant, and meet cybersecurity requirements.
1701541	Feedback	Drop Down	Updates and re-sequences drop down list selections for Feedback module.
1801322	Surveillance Plan	Add eTools CARs to the FOP	CSR 1800927 added PDREP CARs to the FOP PDF and HTML – This adds eTools CARs on this view
1801370	Surveillance Plan	FOP Link Renamed	Renames the FOP Link and references to FOP to "Surveillance Plan (SP)" to match DCMA syntax.
1801563	Surveillance Plan	Ad Hoc	Adds "Based Type" to drop down to the FOP Ad Hoc
1801392	Surveillance Plan & Supplier Audit Program	Add MPS 3VT to Drop Down	Adds "MPS 3VT - VISUAL WELD INSPECTION" added FOP dropdown. Also adds "MPR 3VT - VISUAL WELD INSPECTION" to the SAP drop down
1801168	FSC	NONE	Removes "NONE" from FSC tables and records in PDREP
1800780	FSC Search	Ad Hoc	Adds Ad Hoc Tab to FSC Search Fly out
1800781	GIDEP Search	Ad Hoc	Adds Ad Hoc Tab to GIDEP Search Fly out
1701729	Interface	Import Export App	Updates the Import/Export App to write to the EMAIL_LOG table (a.k.a TRANSACTION LOG). Does not affect external users.
1801420	Level 1	Search	Updates link on Level 1 search
1800788	Main Menu	Recent Activity List	Adds FEEDBACK and USER records to display on the recently accessed records list.
1801266	Main Menu	Recent Activity List	Corrects issue with accessing a PQDR from recently accessed
1801495	MIR	Hide EZ MIR	Removes the EZMIR radial button in the EZPDR Application EZ MIR functionality not being used, obsolete.
1800782	NSN Search	Ad Hoc	Adds Ad Hoc Tab to NSN Search Fly out
1800256	PDREP	Login Web Page	Fixes email link to Tech Support.
1800978	PDREP	PDREP Restart	Closes sessions at 15 minute automatically, vice having to click after 15 minutes have passed.
1801452	PDREP	Cybersecurity	Fixes cybersecurity issue. Non noticeable change to user community.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1801469	PDREP	Admin	Removes obsolete links on the IT ADMIN fly out.
1801470	PDREP	Admin	Removes obsolete reports formerly used by PDREP Administrators: PDREP4J_WARN.HTML, PDREP4J_USERLIST.HTML, PDREP4J_INFO.HTML, PDREP4J_DEBUG. Moves links to PDREPLOG4J_ERROR.HTML to the QA ADMIN link on main menu.
1801548	PDREP	Admin	Updates the method in which the Admin Error Log is updated and maintained.
1900066	PDREP	Admin	Updates the method in which the Admin Error Log is updated and maintained at start up.
1900094	PDREP	IAVA	Upgrade the JDK to version 1.8.0_201.
1801405	PDREP Ad Hoc	Ad Hoc	Fixes logged Ad Hoc "error" when update isn't successful
1701459	PDREP Search	Contract Number Format	Standardizes Contract Number formatting across PDREP so results in PDREP search are more consistent.
1800297	PDREP Search	LEVEL I/SUBSAFE Search Error	Corrects error that occurred when selecting the "OK" button in the LEVEL I/SUBSAFE search module.
1801033	PDREP Search	SDR View	Replaces obsolete view for with stand HTML view.
1801309	PDREP SEARCH	NSN and FSC Search Limits	Adds limit to the returned data to prevent freeze
1500252	PDREP Search	PDREP-Search	Updates PDREP Search tool to retrieve data from records for CAGE/DoDAAC/Contract searches that include the MFR or LRF CAGE/DoDAACs.
1300472	PQDR	POC Edit	Adds POC search/lookup capability.
1501183	PQDR	ERS Linking to PQDR	Adding button to PQDR for linking with ERS.
1700502	PQDR	PQDR white page to bottom of screen	Corrects bottom of page display of system info.
1700992	PQDR	Cursor Jumping to top of Page	Updates cursor movement on web page. Prevents cursor jumping to top of page.
1800114	PQDR	FSC Lookup	Update the originator pages FSC button to use the standard PDREP-AIS FSC Lookup..
1800472	PQDR	Secondary Storage of code options	(ARMY ONLY) Provides storage of non-Army or obsolete codes. Data archived.
1800618	PQDR	Support Point Control Number	Makes a support point control number not mandatory.
1800714	PQDR	Code Removal	(ARMY ONLY) Deletes obsolete codes from Army web pages.
1800726	PQDR	Army Credit Codes	(ARMY ONLY) Adds the SIGNAL CODE and SUPPLEMENTAL ADDRESS to the create PQDR web pages.
1800861	PQDR	Action Point	Fixes the "SAVE AND EXIT " button to exit the page as described.
1800966	PQDR	Prime Contractor	Screening point no longer blank after submission by a prime contractor.
1800975	PQDR	Fault Codes	(ARMY ONLY) Adds FAULT CODES similar to aviation malfunction codes for Army Ground personnel to use.
1801095	PQDR	Notice of Defect	Enables selecting the link to edit content of the NOD.
1801185	PQDR	Ad Hoc Search	Adds literal for Support Point SYSCOM.
1801259	PQDR	Cybersecurity	Prevents editing a URL.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1801365	PQDR	DoDAAC Look Up	Updates method to lookup DoDAAC.
1801466	PQDR	SF368	Fixes logged Failure Count CAGE "error" when update isn't successful.
1801503	PQDR	Logged Error	Fixes logged history tracking "error" when update isn't successful.
1801518	PQDR	PRIME Contractor Search	Updates the Prime Contractors Search to search on their DoDAAC, if they have one, as well as their CAGE.
1801519	PQDR	Rejected Transactions	Displays link to view rejected PQDRII and EBS interface transactions in PQDR History web page.
1801520	PQDR	Correspondence &History	Displays transaction history in the correspondence of each PQDR for EBS and PQDRII, with a link on the data provided in each transaction.
1801566	PQDR	EZPQDR Fly out	Adds EZPQDR Fly out to PQDR link on Main Menu.
1801594	PQDR	Logged Error	Fixes logged counterfeit code and exhibit tracking "error" when update isn't successful.
1801595	PQDR	Exhibit Tracking	Updates method to save the EXHIBIT_STATUS_CODE.
1801699	PQDR	MIR PQDR Search	Updates method for searching PQDRs with referenced MIRs.
1801113	QALI	Transfer	Removes the submitter DoDAAC check to enable greater transfer capability between action activities
1801328	QALI	QALI Page Delegatee Dropdown	Adds-SELECT option, blank default, in the drop down.
1800783	QPL Search	Ad Hoc	Adds Ad Hoc Tab to QPL Search Fly outs
1800784	Requisition Search	Ad Hoc	Adds Ad Hoc Tab to Requisition Search Fly outs
1800785	RIC Search	Ad Hoc	Adds Ad Hoc Tab to Routing Identifier Code Search Fly outs
1601001	RIMS	Add Report button to RIDL Worklist	Adds a report button to the RIDL Worklist. Mirrors functionality from the Report button on the RIDL. Allows users to print all RIDLs.
1700102	RIMS	RIBs Project	Develops the RIB feature of RIMS
1701242	RIMS	Exhibit Tracking	Add RIMS Exhibit Tracking fields to the RIMS Ad Hoc
1701397	RIMS	User Access Notification	Updates the user access notification to the RIMS POCs.
1701502	RIMS	Shipment Tracking	Corrects error when users insert an apostrophe in comment section in Shipment Tracking screen.
1701680	RIMS	RIMS Column Headings	Fixes the labels on various column headings in RIMS.
1800035	RIMS	RIMS Set Priority Tab Highlight	Fixes RIMS Set Priority tab not highlighting when it should.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800037	RIMS	RIMS Worklist Instructions	Updates the RIMS worklist instructions.
1800041	RIMS	Create MIR Serial Number Button Label	Label on the Create MIR Serial Number button now reads: "Create MIR Serial Number" (Capitalize "MIR")
1800238	RIMS	Update Priority Spell Check Button Location	Moves the Spell Check button.
1800250	RIMS	Lab Report Print Issues	Corrects issues when printing a Lab Request, the report cuts off the first letter of the description box
1800412	RIMS	Blank RIDLs	Deletes blank SA RIDLs per PNSY 2300M request
1800537	RIMS	Continuation Sheet Bug	The "Save 25 New Lines" button appends 25 blank lines to the page.
1800538	RIMS	Report View / Text Box Bug	Report view (MIR) wraps the text in the item description box..
1800540	RIMS	Back Button Behavior Fix	Fixes the back button on the RIDL.
1800684	RIMS	Add Action Code Selection to Who Has Next Action	Adds the Action Code drop down next to the status drop down on the Who Has Next Action screen - same functionality as the one on the main Add/Edit screen
1800807	RIMS	Caching Issue	Prevents Blocks 14A and 27A are being from being carried over between records if you make new records sequentially
1800930	RIMS	RIMS MATL Location Block Character Limit	Extends the MATL Location field to 50 Characters
1801015	RIMS	Upload PH Exhibit Tracking Data	Uploads the Pearl Harbor Exhibit data provided by PNSY 2300M
1801046	RIMS	Control Vendor CAGE Code Entry	Restricts Vendor CAGE field to disallow any "#" CAGEs, NAVSS & DLASS - -outside of #MULT and #UNKN. Allows # CAGEs in the Sub vendor CAGE field. Error message should appear if "NAVSS" or "DLASS" are used saying "NAVSS & DLASS are not valid CAGEs - please use the Vendor's CAGE"
1801112	RIMS	Remarks Sheet Order of Items	Sets remarks to display in chronological order.
1801132	RIMS	Material Description Spelling Error	Corrects typo in Material Description drop down: "Expantion Joint" -> "Expansion Joint"
1801251	RIMS	User Access	Updates the user access notification to the RIMS POC.
1801278	RIMS	Record Updated	Change QA 2 to QA 3 on the subject MIR
1801288	RIMS	NNSY Supervisor Review Records	Completes sweep for the NNSY Records as outlined in the memo provided. Need to add PDREP signature, a remark, and set as a complete status based on the amount of accepts/rejects.
1801296	RIMS	Inspection Procedures	Removes NSLC 4355.14B from inspection procedures. Rev. C is now in use.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1801303	RIMS	Drop Down Updates	Adds 290.2A, .2B .3A, .3B to RIMS Codes dropdown
1801321	RIMS	Inspection Procedures	RIMS Inspection Procedure Change - PH IPI 0078-007 to Rev. C
1801355	RIMS	Record Updated	Fixes N42158 14324N03 by inserting data per request of NNSY
1801356	RIMS	Record Updated	Change QA 2 to QA 3 on the subject MIR
1801437	RIMS	Inspection Procedures	Removes Attribute 01 from auto filling on RIP 68T
1801441	RIMS	Turn off SA RIDL	Removes SA RIDL functionality.
1801447	RIMS	Inspection Procedures	Adds RIP 6-01 and RIP 6-02
1801486	RIMS	RIMS to MIR Trigger for Nukes	Fixes the RIMS to MIR Trigger for the reject data from Nuc RIMS and run data sweep to fix older records.
1801578	RIMS	Number of MIR Serial Numbers Validation	Prevents the user from putting a 0 in the Number of MIR Serial Numbers required box.
1801600	RIMS	User Access Email Reminders	Changes the RIMS POC Email Reminder from Nightly to Weekly
1801433	SAM	QA-E Exhibit Search	Adds exhibit search to pull QA-E records on the nuclear side.
1801434	SAM	Stack Trace Error Corrected	Adds Material Received Date onto old records
1801553	SAM	Fix user access page - SAM selection wasn't saving	Updates the SAM Selection on the user access page save the user-selected access level to grant SAM Access.
1801461	SAP	Corrective Actions	Adds validation to application for max of 2000 characters.
1801502	SAP	SAP Alert Search	Changes to the SAP Report to allow to search for SAP Alert without inputting CAGE Code.
1800113	SDR	SDR Block 3 (NRP DODAACs and email)	Makes the email address non-editable and defaults it to the NAVSUPWSSMECHMAILBOX email address for NAVSUP DoDAACs.
1800415	SDR	ADC 1275	Updates WebSDR transactions with updated characters set for transmitted data..
1800631	SDR	ADC 1273	Adds/Updates New Codes: 612 -REVERSE ASSOCIATED RECEIPT AND REPROCESS TO CORRECT OWNER AS IDENTIFIED and 901 -TRANSACTION REJECTED. DISCREPANCY REPORT SUBMITTED TO WRONG SOURCE OF SUPPLY ACTIVITY.
1800937	SDR	ADC 1244	Updates IUID transmission sequence to WebSDR.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
1800992	SDR	DCMA Info Copy	Updates the WebSDR import process to utilize WebSDR Tracking number, when and RCN is not present in the received data.
1801317	SDR	Error log	Corrects minor data retrieval error in found in error log. Does not affect external users.
1801399	SDR	SDR Worklist Sharing	Correct issue when sharing some ad hoc reports.
1801408	SDR	Control Numbers	Adds DLA Depot Control Number and WEBSDR Tracking Control Number on the SDR
1801410	SDR	Action Point POC.	Greys out the Action Point Email Address, and prompts user to use the dropdown. Eliminates erroneous Action Point POC's
1801411	SDR	Action Point POC	Eliminates the SDR from being reassigned by WebSDR after it has been assigned by Navy
1801033	SDR	Obsolete View Update	Replaces SDR View accessed from "PDREP SEARCH with current SDR HTML view.
190034	SDR	500 Series Reply Codes	At the request of EBSO, the 500 series reply codes are being removed from SDR action point access.
1900021	SDR	Action Point	Fixes logged Action Point "error" when update isn't successful.
1800208	Supplier Survey	Error Log	Updates the Java Archive file for Survey.
1701002	User Access	Email	Adds a text box for comments to be sent with approval/disapproval notices to the users.
1701003	User Access	Admin	Updates the User Access approval form to allow saved updates interim to approval/disapproval.
1701313	User Access	NEX Access	Changes User Access to permitNEXWEB.ORG and USMC-MCCS.ORG users to request access.
1701771	User Access	Password	Evaluates and corrects issue in LOGINACTION.PROCESSCHANGEPASSWORD process.
1800653	User Access	Time Out	Moves the TIME-OUT pop-up to center of screen.
1800878	User Access	SQL Access	Removes access to EDIT SQL for PDREP Admins have when they have "NO ACCESS" in their user profile. Does not affect external users.
1800734	Virtual Shelf	Virtual Shelf	Creates the Virtual Shelf Application within PDREP-AIS
1801377	Virtual Shelf	Total Cost of Ownership Tab	Adds tab to the commonality cost model.
1801378	Virtual Shelf	Non-Configuration Tab	Adds tab to the commonality cost model.
1801379	Virtual Shelf	Rip Out Installation tab	Adds tab to the commonality cost model.
1801380	Virtual Shelf	Non-Recurring	Adds tab to the commonality cost model.

FEEDBACK RCN	PROGRAM	TITLE	CHANGE NARRATIVE
		Logistics Support Tab	
1801381	Virtual Shelf	Non-Recurring Other Tab	Adds tab to the commonality cost model.
1801382	Virtual Shelf	Obsolescence tab	Adds tab to the commonality cost model.
1801383	Virtual Shelf	Disposal	Adds tab to the commonality cost model.
1801384	Virtual Shelf	Maintenance and Repair tab	Adds tab to the commonality cost model.
1801385	Virtual Shelf	ISEA Tab	Adds tab to the commonality cost model.
1801386	Virtual Shelf	Operating tab	Adds tab to the commonality cost model.
1801387	Virtual Shelf	Recurring Logistics Support Tab	Adds tab to the commonality cost model.
1801388	Virtual Shelf	Recurring Other Tab	Adds tab to the commonality cost model.
1801621	Virtual Shelf	VS Home Page	Created the Virtual Shelf Homepage. With correct display and hyperlinks. Banner and graphs display in the correct area.
1801625	Virtual Shelf	VS Feedback Report	Create Feedback Report in Virtual Shelf, Technical Warrant Holder Drop Down. This is also the management tab.
1801690	Virtual Shelf	VS Application	Request for a 100 view count on the grids.
1801694	Virtual Shelf	Attribute and Category	Updates the undefined attributes and Category management web pages.
1900003	Virtual Shelf	VS Application	Virtual Shelf Percentage Rates correcting to display accordingly.
1900004	Virtual Shelf	VS Baseline	Baseline Time Stamp.
1900005	Virtual Shelf	VS Application	Virtual Shelf numerical display, correcting it to display currency two decimal points.
1800787	Warranty Search	Ad Hoc	Adds Ad Hoc Tab to Warranty Fly outs.
1801129	Warranty Search	Ad Hoc	Adds a modified the "CONTRACT NUMBER" to warranty ad hoc.
